REACT JS

JAVA

TAILWIND CSS

HTML5

CSS

JAVASCRIPT

CERTIFICATIONS

Introduction to Web development using Html, Css and Javascript

- Issued by IBM Coursera.

Certified in MERN stack web development.

- Issued by CISCO ThingQbator

Certified in Reactjs Fundamentals

- Issued by Great learning

PROJECTS

CheckSky

Developed a real-time weather app using React.js and Bootstrap, integrated with the OpenWeather API. Created a responsive user interface that fetches and displays current weather data using the API. Successfully demonstrated proficiency in API integration and front-end technologies.

Foodies

Developed a food ordering website with React.js, integrating TheMealDB API for a variety of recipes. Styled with Tailwind CSS and enhanced with Lottie React animations, it allows users to search, explore, and order meals seamlessly.

Bigrutz

Built an e-commerce grocery web app using HTML, CSS, Bootstrap, and React.js, including nutrition value display. Created a responsive, dynamic interface leveraging Bootstrap and React.js.

SOFT SKILLS

Team Worker

Time Management

Enthusiastic Learner

ACTIVELY LEARNING
